

Yealink VCM36-W Datasheet

Introduction

The Yealink VCM36-W is a wireless Wi-Fi conference microphone designed to deliver clear voice capture for modern meeting rooms. Featuring a built-in three-microphone array, it provides 360° voice pickup with a range of up to 6 m (20 ft), ensuring all participants are clearly heard from any direction. It features Yealink's high-quality echo cancellation technology and noise cancellation, effectively filtering out up to 90dB of ambient noise to provide a high-quality audio experience during full-duplex calls.

The VCM36-W's high-quality pickup technology provides a full range of audio coverage for all conference room sizes.

The VCM36-W is easy to use with a single pairing, with up to 12 hours of battery life in conference mode and 7 days of standby time. The VCM36-W Wi-Fi microphone is equipped with a charging dock that allows you to charge the microphone wirelessly, and you can change its deployment position at any time while using it to suit your needs.
