System Installation

Systeminstallation - Instalación del sistema - Installation du système

- **Mount on the Wall** - Wandmontage - Montaje en pared - Montage mural

- **Stick to the Table** - Wandmontage - Montaje en pared - Montage mural

- **Put on the Desk** - Auf einen Schreibtisch stellen - Coloquelo sobre escritorio - Installation sur un bureau

- **Mount in a Rack** - Montage in einem Regal - Montaje en un Rack - Montage dans une armoire

💡 The rack in which the MeetingEye 500 will be placed must be a 19-inch Rack compliant with IEC 60297.

Das Rack, in dem das MeetingEye 500 platziert wird, muss ein 19-Zoll-Rack gemäß IEC 60297 sein.

El bastidor en el que se colocará el MeetingEye 500 debe ser un bastidor de 19 pulgadas que cumpla con la norma IEC 60297.

Le rack dans lequel MeetingEye 500 sera placé doit être un rack 19 pouces conforme à la norme CEI 60297.

- 1 Install the mounting ears to the sides of the MeetingEye 500.

Bringen Sie die Montagebügel an den Seiten des MeetingEye 500.

Instalación del soporte a los lados del MeetingEye 500.

Installez les oreilles de fixation sur les côtés du MeetingEye 500.

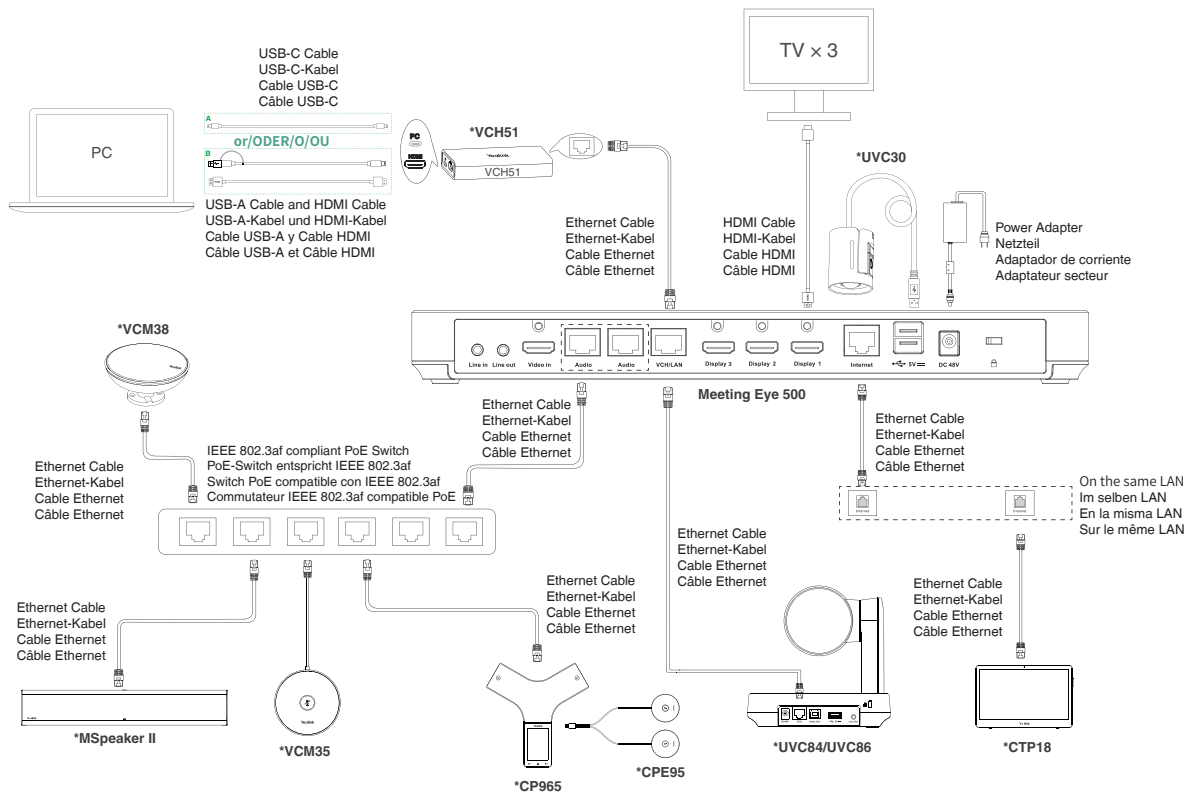

- ② Push the MeetingEye 500 into the rack, and then fix it to the rack with screws.
Schieben Sie das MeetingEye 500 in das Rack und befestigen es dann mit Schrauben am Rack.
Empuje el MeetingEye 500 en el rack y luego fíjelo con tornillos.
Poussez le MeetingEye 500 dans le rack, puis fixez-le au rack avec des vis.

- 💡 Package Contents do not include screws.
Der Verpackungsinhalt enthält keine Schrauben.
El contenido del paquete no incluye tornillos.
Le contenu de l'emballage ne comprend pas de vis.

Los que tienen * son accesorios opcionales.

Ceux avec * sont des accessoires en option.

Use the Yealink original power adapter (48V/2A) to charge the endpoint only. The use of the third-party power adapter may cause the damage to the endpoint.

Verwenden Sie ausschließlich das Original-Netzteil von Yealink (48 V/2A) zum Laden des Endpunkts. Die Verwendung eines Netzteils von einem Drittanbieter kann zur Beschädigung des Endpunkts führen.

Use únicamente el adaptador de corriente original Yealink (48V/2A) para cargar el equipo. El uso del adaptador de corriente de terceros puede causar daños en el equipo.

Utilisez seulement l'adaptateur secteur Yealink d'origine (48 V/2A) pour charger le point de terminaison. L'utilisation d'un adaptateur secteur tiers peut provoquer des dommages au point de terminaison.

Wired Content Sharing-VCH51

Kabelgebundene Inhaltsfreigabe-VCH51-Modus-Usu compartido por cable de contenido-VCH51

USB-Partage de contenu filaire-VCH51

- Connect VCH51 and MeetingEye 500 with an Ethernet Cable, and connect VCH51 and PC with a USB-C Cable or HDMI Cable. Automatically start screen sharing after connection. If connecting with a USB-C Cable, the MeetingEye 500 will prompt whether to enter the BYOD mode and choose Cancel to share screen.
- Verbinden Sie VCH51 und MeetingEye 500 über ein Ethernet-Kabel und VCH51 und den PC über ein USB-C- oder HDMI-Kabel. Nach Anschließen des HDMI-Kabels teilen Sie den Bildschirm. Der mit MeetingEye 500 gekoppelte CTP18 fordert Sie auf, den BYOD-Modus zu aktivieren. Klicken Sie auf Cancel (Abbrechen), um den Bildschirm nach Anschluss des USB-C-Kabels zu teilen.
- Conecte VCH51 y MeetingEye 500 mediante un cable Ethernet, y conecte VCH51 y PC mediante un cable USB-C o un cable HDMI. Comparta la pantalla tras conectar el cable HDMI. El CTP18 emparejado con MeetingEye 500 preguntará si desea acceder al modo BYOD; haga clic en Cancel (Cancelar) para compartir la pantalla tras conectar el cable USB-C.
- Connectez le VCH51 et le MeetingEye 500 avec un câble Ethernet, et connectez le VCH51 et le PC avec un câble USB-C ou un câble HDMI. Partage d'écran après la connexion du câble HDMI. Le CTP18 apparié au MeetingEye 500 vous demandera si vous souhaitez passer en mode BYOD, et vous pourrez cliquer sur Cancel (Annuler) pour partager l'écran une fois le câble USB-C connecté.

Wired Content Sharing-HDMI IN

Kabelgebundene Inhaltsfreigabe-HDMI IN

1. On the CTP18, tap **Settings** > **System Settings** > **About** > **IP** to get the device IP address.
2. Open a web browser on your computer, enter the IP address of the MeetingEye 500 into the address bar (for example, "https://10.50.57.8"), and then press **Enter**. Enter the username and password (Default username: admin; default password: 0000) and click **Login**.
3. Click **System** > **Display**, and select the Video Input Type as **PC**, and the click **Confirm**.
4. Connect the computer to the Video In port of MeetingEye 500 with an HDMI cable to start Content Sharing.

1. Tippen Sie auf dem CTP18 auf **Einstellungen** > **Systemeinstellungen** > **Über** > **IP**, um die IP-Adresse des Geräts zu erhalten.
2. Öffnen Sie einen Webbrowser auf Ihrem Computer, geben Sie die IP-Adresse des MeetingEye 500 in die Adressleiste ein (z. B. „https://10.50.57.8“), und drücken Sie dann **„Enter“**. Geben Sie Benutzername und Passwort ein (Standardbenutzername: admin; Standardpasswort: 0000) und klicken Sie auf **„Anmelden“**.
3. Klicken Sie auf **System** > **Anzeige** und wählen den **PC** als Videoeingangstyp und bestätigen Sie mit **„Bestätigen“**.
4. Verbinden Sie den PC über ein HDMI-Kabel mit dem Videoeingangsanschluss des MeetingEye 500, um die Inhaltsfreigabe zu starten.

Modus-Usu compartido por cable de contenido-HDMI IN - USB-Partage de contenu filaire-HDMI IN

1. En CTP18, toque **Configuración > Configuración del sistema > Acerca de > IP** para obtener la dirección IP del dispositivo.
 2. Abra un navegador web en el ordenador, introduzca la dirección IP de MeetingEye 500 en la barra de direcciones (por ejemplo, "https://10.50.57.8/") y pulse Intro. Introduzca el nombre de usuario y la contraseña (nombre de usuario predeterminado: admin; contraseña predeterminada: 0000) y haga clic en Inicio de sesión.
 3. Haga clic en **Sistema > Visualizar**, seleccione Tipo de entrada de vídeo como **PC** y haga clic en Confirmar.
 4. Conecte el ordenador al puerto de entrada de vídeo de MeetingEye 500 mediante un cable HDMI para iniciar el intercambio de contenido.
-
1. Sur le CTP18, appuyez sur **Paramètres > Paramètres système > À propos de > Adresse IP** pour obtenir l'adresse IP de l'appareil.
 2. Ouvrez un navigateur Web sur votre ordinateur, entrez l'adresse IP du MeetingEye 500 dans la barre d'adresse (par exemple, « https://10.50.57.8/ »), puis appuyez sur Entrée. Saisissez le nom d'utilisateur et le mot de passe (nom d'utilisateur par défaut : admin ; mot de passe par défaut : 0000) et cliquez sur « **Se connecter.** »
 3. Cliquez sur **Système > Affichage**, et sélectionnez le Type d'entrée vidéo comme **PC**, puis cliquez sur Confirmer.
 4. Connectez l'ordinateur au port d'entrée vidéo du MeetingEye 500 à l'aide d'un câble HDMI pour démarrer le partage de contenu.

Wired Device-USB Mode

Kabelgebundener Geräte-USB-Modus-modo de dispositivo por cable-USB-Mode Appareil filaire-USB

1. Connect VCH51 and MeetingEye 500 with an Ethernet Cable.
2. Do one of the following to connect PC and VCH51:
 - A Connect VCH51 and the USB-C port of MeetingEye 500 with a USB-C Cable.
 - B Connect the VCH51 and the USB-A port of PC with a USB-C Cable (with USB-A adapter), and connect the VCH51 and PC an HDMI Cable.
3. The MeetingEye 500 will prompt whether to enter the BYOD mode. Click OK to enter Device-USB Mode.

💡 If you do not enter Device-USB Mode immediately, you can switch to Device-USB Mode by clicking **More** (sidebar) > **Device Mode** during use.

1. Verbinden Sie VCH51 und MeetingEye 500 über ein Ethernet-Kabel.
2. Führen Sie einen der folgenden Schritte aus, um den PC mit VCH51 zu verbinden:
 - A Verbinden Sie VCH51 und den USB-C-Anschluss von MeetingBar A20 über ein USB-C-Kabel.
 - B Verbinden Sie VCH51 und den USB-A-Anschluss eines Computers über ein USB-C-Kabel (mit USB-A-Adapter) und VCH51 und den PC über ein HDMI-Kabel.
3. Der mit MeetingEye 500 gekoppelte CTP18 fordert Sie auf, den BYOD-Modus zu aktivieren. Klicken Sie auf OK, um den Device-USB Mode (Geräte-USB-Modus) zu aktivieren.

💡 Sie können in den Geräte-USB-Modus wechseln, indem Sie während der Verwendung auf **More** (Seitenleiste) > **Device Mode**.

1. Conecte VCH51 y MeetingEye 500 mediante un cable Ethernet.
2. Para conectar el PC y VCH51, realice una de las acciones siguientes:
 - A Conecte VCH51 y el puerto USB-C de MeetingEye 500 mediante un cable USB-C.
 - B Utilice un cable USB-C (con adaptador USB-A) para conectar VCH51 y el puerto USB-A del equipo, y utilice un cable HDMI para conectar el VCH51 y el PC.
3. El CTP18 emparejado con MeetingEye 500 preguntará si desea acceder al modo BYOD. Haga clic en OK (Aceptar) para acceder al modo de dispositivo-USB.

Puede cambiar al Modo Dispositivo-USB haciendo clic en **More** (barra lateral) > **Device Mode** durante el uso.

1. Connectez le VCH51 et le MeetingEye 500 avec un câble Ethernet.
2. Effectuez l'une des opérations suivantes pour connecter le PC et le VCH51 :
 - A Connectez le VCH51 et le port USB-C du MeetingBar A20 avec un câble USB-C.
 - B Utilisez un câble USB-C (avec adaptateur USB-A) pour connecter le VCH51 et le port USB-A de l'ordinateur, et utilisez un câble HDMI pour connecter le VCH51 et le PC.
3. Le CTP18 associé au MeetingEye 500 vous demandera si vous souhaitez passer en mode BYOD. Cliquez sur OK pour activer le mode Appareil-USB.

Vous pouvez passer en mode périphérique-USB en cliquant sur **More** (barre latérale) > **Device Mode** pendant l'utilisation.

Instructions

Anleitungen - Instrucciones - Instructions

By default, the administrator account of the endpoint is "admin" and the password is "0000".

Standardmäßig ist das Administratorkonto des Endpunkts "admin" und das Passwort "0000".

De forma predeterminada, la cuenta de administrador del punto final es "admin" y el contraseña es "0000".

Par défaut, le compte administrateur du point de terminaison est « admin » et le mot de passe est « 0000 ».

Regulatory Notices

Operating Ambient Temperatures

- Operating temperature: +32to 113°F (0 to 45°C)
- Relative humidity: 5% to 90%, noncondensing
- Storage temperature: -22 to +158°F (-30 to +70°C)

Warranty

Our product warranty is limited only to the unit itself, when used normally in accordance with the operating instructions and the system environment. We are not liable for damage or loss resulting from the use of this product, or for any claim from a third party. We are not liable for problems with Yealink device arising from the use of this product; we are not liable for financial damages, lost profits, claims from third parties, etc., arising from the use of this product.

DC symbol

 is the DC voltage symbol.

To avoid the potential effects on the environment and human health as a result of the presence of hazardous substances in electrical and electronic equipment, end users of electrical and electronic equipment should understand the meaning of the crossed-out wheeled bin symbol. Do not dispose of WEEE as unsorted municipal waste and have to collect such WEEE separately.

Restriction of Hazardous Substances Directive (RoHS)

This device complies with the requirements of the EU RoHS Directive. Statements of compliance can be obtained by contacting support@yealink.com

Safety Instructions

Save these instructions. Read these safety instructions before use!

The following basic safety precautions should always be followed to reduce risk of fire, electrical shock, and other personal injury.

General Requirements

- Before you install and use the device, read the safety instructions carefully and observe the situation during operation.
- The main plug is used as disconnect device, the socket-outlet should be near the Switching Adapter and it should be easily accessible.
- During the process of storage, transportation, and operation, please always keep the device dry and clean, avoid collision and crash.
- Please attempt not to dismantle the device by yourself. In case of any discrepancy, please contact the appointed maintenance center for repair.
- Please refer to the relevant laws and statutes while using the device. Legal rights of others should be respected as well.

Environmental Requirements

- Do not cover ventilation openings, this equipment is not intended to be used on soft support.
- The marking information is located at the exterior of the bottom
- Place the device at a well-ventilated place. Do not expose the device under direct sunlight.
- Keep the device dry and free of dusts.
- Do not place the device on or near any inflammable or fire-vulnerable object, such as rubber-made materials.
- Keep the device away from any heat source or bare fire, such as a candle or an electric heater.

Operating Requirements

- Do not let a child operate the device without guidance.
- Do not let a child play with the device or any accessory in case of accidental swallowing.
- Please use the accessories provided or authorized by the manufacturer only.
- Do not spill liquid of any kind on the product or use the equipment near water, for example, near a bathtub, washbowl, kitchen sink, wet basement or near a swimming pool.
- When there is smoke emitted from the device, or some abnormal noise or smell, disconnect the device immediately.
- Contact the specified maintenance center for repair.
- Do not insert any object into equipment slots that is not part of the product or auxiliary product.

Cleaning Requirements

- Use a piece of soft, dry and anti-static cloth to clean the device.

Troubleshooting

The usage environment is out of operating temperature range.

1. Use in the operating temperature range.

The cable between the unit and the Yealink device is connected incorrectly.

1. Connect the cable correctly.

Some dust, etc., may be in the port.

1. Clean the port.

Contact your dealer or authorized service facility for any further questions.

FCC CAUTION:

This device complies with part 15 of the FCC Rules. Operation is subject to the following two conditions: (1) This device may not cause harmful interference, and (2) this device must accept any interference

received, including interference that may cause undesired operation. Any changes or modifications not expressly approved by the party responsible for compliance could void the user's authority to operate the equipment.

Note: This equipment has been tested and found to comply with the limits for a Class B digital device, pursuant to part 15 of the FCC Rules. These limits are designed to provide reasonable protection against harmful interference in a residential installation. This equipment generates, uses and can radiate radio frequency energy and, if not installed and used in accordance with the instructions, may cause harmful interference to radio communications. However, there is no guarantee that interference will not occur in a particular installation. If this equipment does cause harmful interference to radio or television reception, which can be determined by turning the equipment off and on, the user is encouraged to try to correct the interference by one or more of the following measures:

- Reorient or relocate the receiving antenna.
- Increase the separation between the equipment and receiver.
- Connect the equipment into an outlet on a circuit different from that to which the receiver is connected.
- Consult the dealer or an experienced radio/TV technician for help.

The equipment complies with FCC radiation exposure limits set forth for an uncontrolled environment.

This transmitter must not be co-located or operating in conjunction with any other antenna or transmitter.

ISED WARNING:

This device complies with Innovation, Science and Economic Development Canada licence-exempt RSS standard(s). Operation is subject to the following two conditions: (1) this device may not cause interference, and (2) this device must accept any interference, including interference that may cause undesired operation of the device.

Le présent appareil est conforme aux CNR d'Industrie Canada applicables aux appareils radio exempts de licence. L'exploitation est autorisée aux deux conditions suivantes : (1) l'appareil ne doit pas produire de brouillage, et (2) l'utilisateur de l'appareil doit accepter tout brouillage radioélectrique subi, même si le brouillage est susceptible d' compromettre le fonctionnement.

This Class B digital apparatus complies with Canadian ICES-003. Cet appareil numérique de la classe B est conforme à la norme NMB-003 du Canada.

Les communications effectuées au moyen de cet appareil ne sont pas nécessairement protégées des indiscretions.

The equipment complies with FCC radiation exposure limits set forth for an uncontrolled environment. The equipment should be installed and operated with minimum distance 20cm between the radiator and your body.

Déclaration d'exposition aux radiations: Cet équipement est conforme aux limites d'exposition aux rayonnements ISED Canada établies pour un environnement non contrôlé. Cet équipement doit être installé et utilisé avec un minimum de 20cm de distance entre la source de rayonnement et votre corps.

The device for operation in the band 5 150-5 250 MHz is only for indoor use to reduce the potential for harmful interference to co-channel mobile satellite systems.

les dispositifs fonctionnant dans la bande 5 150-5 250 MHz sont réservés uniquement pour une utilisation à l'intérieur afin de réduire les risques de brouillage préjudiciable aux systèmes de satellites mobiles utilisant les mêmes canaux.
