

UVC84 Datasheet

An Actual 4K Camera Brings Extreme Sharpness to Every Meeting Space

Combined with a 4K sensor and revolutionary new ID design, the Yealink UVC84 USB camera provides the best video experience for your meeting. Featuring 12x optical lossless zoom and 3x digital zoom, UVC84 reproduces every detail in the **meeting room**, perfectly fitting for medium and large rooms. Furthermore, UVC84 covers a wide field of view of 80°, with a mechanical pan and tilt that can be easily controlled by remote or Yealink camera control plug-in software. To protect user privacy, the camera will turn the lens down automatically when the meeting ends and will turn on the camera automatically when the meeting starts. Delivering best-in-class video quality to all participants, Yealink UVC84 is the ideal choice for truly collaborative, true-to-life communication.

Key Features and Benefits

- 4K video
- 12x optical zoom, 3x digital zoom, presenting crystal-clear video image
- Mechanical pan, tilt, and zoom
- Auto Framing feature, offering a more intelligent meeting experience
- Smooth PTZ control by remote control or Yealink camera control plug-in
- Audio integration, working perfectly with Yealink audio devices

4K Ultra HD Video Quality

The UVC84 camera delivers a 4K video output with excellent sharpness and smoothness, accurately reproducing every detail and color, providing a vivid video experience.

36 HD Zoom, 80° Field of View

With 12x optical plus 3x digital zoom and an 80° field of view, UVC84 can easily cover a medium or large meeting space. Remote participants can clearly see everyone seated in the meeting room.

Integrated with Audio

The UVC84 camera integrates audio functionality as well. Perfectly paired with the UVC84 camera, the VCM34 array microphone or VCM38 ceiling microphone combined with the MSpeaker II soundbar is capable of providing an excellent audio experience.

Auto Framing

The UVC84 camera aims to provide a better Auto Framing feature to free your hands from PTZ control, allowing you to focus on your meeting.

Multiple Installation Options

Complete mounting kits allow you to place the UVC84 on the conference table or mount it on the top of the TV, on the wall, on the ceiling, onto a TV stand, or on a tripod with great flexibility, according to your needs.
