

HTI-ASP300

Omnidirectional speakerphone

hitrolink

ASP30 is an omnidirectional microphone jointly launched by Hitrolink and Ethereal Audio Lab, which can support up to 4 devices cascading and is suitable for various sizes of conference rooms. It is equipped with inside 3A algorithm, which can effectively filter over 300 types of noise and create a clear and smooth audio conference experience.

- A. POE interfaces
- B. 3W speaker
- C. 8 array mic
- D. Indicator
- E. Touch control

FEATURES SPOTLIGHT

- Using 8 MEMS microphone arrays for distribution, achieving 360 ° omnidirectional pickup
- Supports a maximum pickup radius of 6 meters
- Built in speaker, maximum output power 3W
- Supports cascading of up to 4 devices and full scene adaptation
- Supports USB plug and play, driver free
- Built in algorithm from Ethereal Audio Lab, capable of filtering over 300 types of noise, providing a clear audio conference experience

SPECIFICATION

Microphone

Mic type	360° omnidirectional
Mic number	8 array mic
Voice pick up	6 meter
Sampling rate	16kHz

Speaker

Speaker number	1
Speaker power	3W
Frequency response	100Hz-20kHz
Beamforming	Support

Cascading

Cascading mode	Poe network
Cascading level	Up to 4

Connectivity

USB	1* USB2.0 Type-C
Power supply	USB 2.0 or DC 53V
Others	1*POE in, 1*POE put

Compatibility

OS	Windows 7 or above、 android、 Mac、 Linux
Meeting room	Small/Middle/large

Physical parameters

Dimension	126mm*67mm
Package dimension	314mm×172mm×89mm
Net weight	513g
Gross weight	1383g

DIMENSIONS (mm)
